Amendments

As suggested by the Examiner in paragraph 1 of the Office action, FIG. 1 has been amended to indicate its status as prior art. This amendment has been incorporated into the formal drawing, four (4) sheets of which are attached. Accordingly, it is respectfully submitted that the grounds for the drawing objection have been removed.

No new matter has been added. Clearly, the specification refers to FIG. 1 as a *known antenna structure* (cf. page 3, line 5) and hence constitutes prior art.

No amendments have been made to the specification or the claims.
